

## THE REFORM OF RUSSIA NOT EASILY EFFECTED

### The Reformers are Held Apart by Fear of Failure of Witte's Government

#### A Widespread Belief That the New Russia Must be Built Upon the Ruins of the Premier's Experimental Efforts

St. Petersburg, Nov. 12.—The day passed quietly. No excesses are reported from any part of the city, but the Jews are still apprehensive. Martial law has been abolished in Tiflis, and its districts.

With each day's development it becomes more apparent that Russian reformers have learned little of the lessons of history and that Russia is destined, like other countries before her, to travel a thorny path to freedom. She seems determined to pay the heaviest price for her political education. This, perhaps, is not strange, considering that all the intelligent classes are engaged in a revolt against the old order of things, the moderates for the moment clasping hands with the ultra-revolutionists to accomplish the downfall of the autocracy. The result is that all of the reform elements are distrustful of the government and take pride in holding aloof from everybody connected with the government, as if it was contaminated, and there is no solid element to act as a brake upon those which shrink from no political experiments, no matter how reckless.

## THE WORLD'S OPEN PURSE

### For the Suffering Jews of Russia

#### Meetings in Europe and America of Which a Great Benefit Fund Was Raised.

London, Nov. 12.—Pathetic scenes were witnessed tonight at a gathering of 10,000 Jews at the East End of London in the great assembly hall at Mile End, where a memorial service was held for the Jews killed in Russia recently. The hall was draped in black and a majority of those in the audience wore emblems of mourning. At the chanting of the fifth chapter of Lamentations, almost all present burst into tears and mournful wailing.

Rabbi Schevitz in his sermon made an eloquent and touching appeal to Christians to come to the help of the Jews. He suggested that all Jews go into deep mourning for a month and to vote the proceeds of their self denial to the relief of their fellow sufferers in Russia.

Pittsburg, Nov. 12.—At the Jewish synagogue, which was filled tonight, resolutions of protest were passed, and President Roosevelt was requested to find, if possible, some way to interfere on behalf of the Jewish race in the czar's dominion. Subscriptions for a benefit fund amounted to \$3,500 and \$3,500 cash was collected. From the smaller towns in the country \$1,000 was received, in cash. It is the intention to swell the fund to \$25,000 before December 1.

The big audience pledged itself to go into mourning for thirty days and to abstain from all luxuries and amusements and devote the savings to the relief of their brethren in Russia.

## UNHAPPY POLAND.

Warsaw, Nov. 12.—The proclamation of martial law in all of the ten governments of Russian Poland has caused surprise and exasperation here, and there are apprehensions that it will provoke disturbances worse than those which have already taken place. The city is panic-stricken. There are persistent rumors of an organization of anti-Jewish riots and the houses of Jews are barricaded day and night. The Jews are arming themselves with knives, revolvers and rifles.

Owing to the general strike the distress is hourly increasing. There is a scarcity of coal and food.

In Ostrowiecka street at 9 o'clock tonight, an infantry patrol without provocation fired into a crowd of Jews, wounding eight.

## WORD OF WARNING.

### Poland is Not to Become a Second Finland.

St. Petersburg, Nov. 12.—Poland is not to be permitted to become a second Finland. The Russian government in a strongly worded communication published this morning serves notice on the Polish nationalists that for good or ill, the ancient kingdom of Poland has now become an integral part of the Russian empire, and that while the government intends fully to observe the national rights of Poland, any attempt to wrest Polish autonomy from the empire would be considered an act of revolt and would lead the Poles into the sorrowful path trodden by them in 1831 and 1863.

The Russian authorities recognize the gravity of the movement in which two antagonistic parties, nationalists and socialists, under the leadership of such Poles as Henrik Sienkiewicz, the novelist, have joined forces, and they declare that none of the benefits of the emancipation manifesto can be conferred on "a country in revolt."

## "CHARGED" WITH MURDER.

Henderson, Tex., Nov. 12.—All has been quiet since the lynching of the three negroes this morning. The bodies were cut down shortly after the hanging and have been claimed by relatives. After the men were hung the mob quietly dispersed. None of those who participated have been identified.

The crime with which the negroes were charged was having killed Elias Howell, a white farmer.

## AN AUSTRIAN STRIKE.

### It is Pursued Along Passive Resistance Lines.

Vienna, Nov. 12.—The employees of the Northern railroad of Austria tonight joined in the "passive resistance" strike.

Reiterations of Baron Von Frankenthurn, the Austrian premier, to the effect that the government proposed to introduce a suffrage project at the next sitting of parliament this month, have been received with satisfaction and will doubtless go far toward insuring quiet and minimizing the effect of the demonstrations.

Negotiations are proceeding between the ministry of railroads and representatives of the strikers with a view to a settlement, and there is considerable hope that they will be successful. The government stands firm against disorders, but probably will meet the men half way. The strikers are pursuing their "passive resistance" tactics with only partial success.

## BERLIN UNIVERSITY'S ROOSEVELT CHAIR

### A \$50,000 Endowment for the Professorship.

New York, Nov. 12.—Announcement was made today that Jas. Speyer of New York has given the trustees of Columbia university, New York, the sum of \$50,000 to endow the Theodore Roosevelt professorship of American history and institutions in the university of Berlin in accordance with a plan approved by the German emperor who received President Butler in audience last September.

The German government, in return, will establish at Columbia university a professorship of German history and institutions. In making the announcement President Butler of Columbia said in behalf of the trustees: "Mr. Speyer's gift seems to us both striking in its originality and splendid in its possibilities. We are not without hope that before long Columbia university will be put in a position to make similar arrangements with the University of Paris and with an English university, possibly the University of London."

## AN IMPORTATION FROM NEW ORLEANS

### A Mild Out Break of Yellow Fever at Havana.

Havana, Nov. 12.—The case of H. V. Childers, a New Orleans electrician, who was taken to the Las Animas fever hospital Saturday, was today diagnosed as yellow fever. The Spaniard who was stricken on Sunday and isolated in the Clark hospital, died tonight. There are now two cases of yellow fever at Las Animas hospital and one suspect, a Spanish woman, who was placed under observation tonight.

The slight development of the so-called secondary case has encouraged a belief of the yellow fever experts that there will not be much of a spread of the infection. It is reported that the opening of a case of electrical apparatus from New Orleans consigned to a firm in the Payret theater building liberated many mosquitoes. The first person attacked by yellow fever was a member of the opera company playing at the Payret theater and subsequently the disease attacked an electrician employed in the same building.

## KANSAS CITY MARKET

### A Review of Prices and Conditions of the Past Week.

Kansas City, Mo., Nov. 12.—Cattle receipts here last week were 71,000 head, including 9,000 calves, a decrease of 15,000 head from the week previous. Prices on range killing steers held steady for the week, cows gained 10 to 20 cents, stockers and feeders advanced the first half of the week, but lost the gain before the end; light veals were firm, heavy veals lost 25 cents, and stock calves closed the week 50 to 75 cents lower. The run yesterday was 17,000 head, and the same trend of the market was in effect as last week; killing steers barely steady, cows firm and active, stockers and feeders steady. A good many short fed steers are coming now, but buyers are neglecting them when they can get anything else to substitute for them, such as good Colorado or southwestern grass steers. The situation

just now is one of weakness in dressed beef steers, and strength in butcher stuff, stockers and feeders firm. The quality of range steers has been better than usual lately, ranging in price from \$3.15@3.70 for bulk; cows and canners, \$2.00@2.50, with good heavy cows up to \$3.50, veals up to \$6.00, stock calves, \$2.50@3.75.

The range season in sheep and lambs is about ended, although Colorado, Utah, New Mexico and Arizona were represented in the receipts last week. Colorado had the best stuff, lambs at \$7.50, yearlings \$6, wethers \$5.75, ewes \$5.25. Arizona lambs at \$7.20. Utah lambs at \$7, and New Mexico kids at \$5.40. Some Colorado lambs at \$6.75 comprised the range offerings yesterday. The market declined 15 to 25 cents the first of last week, but sheep regained the loss; lambs closed the week 10@15c lower. Run yesterday 2500; market firm. Fed stuff is being well received, prime stuff selling last week 10@15c higher than prices given above. Receipts seldom come up to expectations any day and strength is the main element of the market just now.

## statement concludes with an exhaustive review of what it describes as "the asphalt company's actual relations to the revolution."

In this connection it is explained that \$100,000 was given to General Matos by officials of the National Asphalt company on the general's request. Further sums aggregating \$30,000 were paid the revolutionary leader soon afterward. This money was paid, the statement says, to guarantee protection of the company's property at a time when the territory in which the company's property is located was in the control of the revolutionists. The statement maintains that the company at all times observed absolute neutrality, even going to the extent of paying customs duties to both the government and revolutionists when the custom houses were controlled by the insurgents.

Vienna, Nov. 12.—The employees of the Northern railroad of Austria tonight joined in the "passive resistance" strike.

## TAMMANY HALL'S LINE OF ACTION

### It Will Rely on an Old Decision by Judge Parker.

New York, Nov. 12.—Chas. H. Knox, chairman of the Tammany hall law committee, announced today that every step taken by Mr. Hearst and the municipal ownership leaders in the recount of the votes cast at the recent election would be bitterly opposed.

Knox said that the basis for the opposition would be the decision of the court of appeals in 1904, written by Judge A. B. Parker, now Mayor McClellan's senior counsel. This decision was against the opening of the ballot boxes and is, according to Mr. Knox, the law of the state now. The language of the decision was to the effect that the opening of the ballot boxes was fraught with great danger and was inadvisable.

Campaign managers of the municipal ownership league continue activity today in preparing the contest to be made before the board of county canvassers this week on the majority election.

The committee had its headquarters open and received additional affidavits of alleged cases of election fraud. Twelve of the successful candidates for aldermen who were elected on either the municipal league ticket or republicans who had received endorsement of the league, met at the Hoffman House for a conference. It was decided by them to act as a unit in the body and by fusing with the straight republican alderman league, they hope to control the board.

## CRIMINAL ANTECEDENTS

### Of the Woman Slain by Murderer Andrews.

San Francisco, Cal., Nov. 12.—That the woman slain by Milton Franklin Andrews when he and his companion were surrounded by the police, was Eva Howard, daughter of Augustus Howard, alleged leader of the gang which executed the robbery of the treasure chest of the steamer Alameda several years ago, is the identification made by J. F. Gallagher, a hotel man of this city. According to Gallagher, he was so well acquainted with the woman that his identification is positive.

## WOMAN AGAIN FATAL MOTIVE

### Death of Miguel Valenzuela at Arlington

#### His Slayer Benito Lopez Finally Quit Winking at His Relations With Senora Lopez.

The shooting near Arlington on Saturday developed into a homicide yesterday afternoon. Information of the death of Miguel Valenzuela, who was shot by Benito Lopez, was received at the office of the sheriff from Deputy Sheriff Chas. Williams about the middle of the afternoon. Last night The Republican had a telephone message from Charles Peterson of the Arlington Cattle company, who told the story of the killing.

For some time Valenzuela had been paying attention to the wife of Lopez, who lives on a ranch not far from Arlington. Lopez knew of this relation but had never vigorously tried to break it up. He returned to his house about one o'clock on Saturday and surprised Valenzuela with his arm around Mrs. Lopez. Notwithstanding this thing had been going on for some time, Lopez instead of having become used to it had become morbidly sensitive, but before proceeding to extreme measures he ordered Valenzuela out of the house.

He refused to go and then Lopez got a 22-caliber rifle and began the work of execution in earnest. He pointed the gun at Valenzuela and just as he pulled the trigger, Mrs. Lopez tried to turn the muzzle of the gun aside. The bullet went through her right hand and into the stomach of Valenzuela. Then he went. It was not at first thought that he was seriously wounded. The fact that he was able to walk and the further fact that the weapon was of such small caliber made the neighbors believe that it was not a serious affair. But in an hour Valenzuela was a very sick man, with a pain in his stomach and never got any easier until two o'clock yesterday afternoon. The doctor who saw him an hour after he was shot said that there was no hope of his recovery. Valenzuela was about forty years of age and unmarried.

At the time the telephone message was sent the inquest was awaiting the arrival of Acting Coroner Barkley, Justice of Buckeye precinct, before whom the preliminary examination of Lopez will take place at nine o'clock this morning. The justice had been instructed by Assistant District Attorney Bullard, on hearing of the death of Valenzuela, to hold Lopez to the grand jury without bail. The assistant district attorney was not then aware of the circumstances preceding the killing, so that it is likely that the prisoner will be admitted to bail in some figure after his arrival here.

## A NERVY TRICK.

New York, Nov. 12.—During the absence of the private watchman on guard at Schumann's Sons' jewelry store at Broadway and Twenty-second street, thieves entered the place today and carried away \$10,000 worth of silverware. Robbers drove to the store in a handsome carriage with a coachman in livery and, having noted the departure of the watchman, entered the front door with false keys. The presence of the carriage attracted no attention and half an hour later the robbers came out, placed their plunder in the carriage and drove away. The robbery was discovered a few minutes later when the watchman returned and found the door open.

All the silverware was taken from the show cases in the store. An attempt by the robbers to open a safe in the basement containing several hundred thousand dollars worth of jewelry was unsuccessful.

### Attempted by High Officials of the Venezuelan Government.

New York, Nov. 12.—Allegations that high officials in the Venezuelan government deliberately attempted to extort from the company the sum of \$400,000 are made in a statement given out today by the New York and Bermudez Asphalt company in reference to the suit brought by the Venezuelan government for \$11,000,000 damages for aiding in the Matos rebellion. The means used by these officials, according to the allegations, included blackmail, confiscation of the company's property, the manufacture of false testimony and the making of decrees without regard to law.
